

RISOGRAPH

RN2255

High Quality Digital Copy Printer

THE LOW-COST HEAVYDUTY NETWORK PRINTER

RN2255

Affordable high speed, high volume PC/Network printer

Enjoy world-beating Risograph speed, quality and versatility at a price that won't strain your budget. With the same ease of use as a copier and print speeds of up to 130 copies per minute, the RN series is the high-speed, low-cost answer to all your bulk printing needs. Superb quality is assured with 400dpi output, plus you get astonishing versatility from paper handling-including recycled paper-to multi-and spot-color printing. What's more, you can even specify PC or network connectivity when you order, or add it later as budget permits. Affordable speed, quality and versatility: all yours in full measure with the RN series, the low-cost way to boost your office productivity.

Easy-to-use versatility

Lay your original on the scanner, input the number of prints and press start: that's how easy it is. And that's just the beginning, because the RN2255 is not only as easy to use as a copier, it offers you a great deal more versatility. For example, you can add the power and immediacy of color to your documents simply by changing the print drum. And you also enjoy an enormous variety of paper sizes and weights, including card stock and recycled paper to give you an extra measure of versatility.

More valuable features

The long list of other valuable features includes 2-, 4-, 8- and 16-up printing allowing printing of multiple tickets, name cards, etc., at a single pass. A large LCD panel gives on-the-spot confirmation of operations. Heavy-duty sound-proofing keeps running noise to a minimum. And "auto sleep" function saves energy for lower running costs.

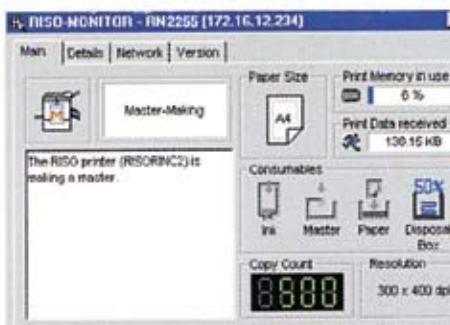

A3 scanning with B4/A4 output

The RN2255 can scan and reduce A3 originals and reduce them to B4/A4 size in just a single step.

Built-in computer connectivity

A single cable is all it takes to connect to RN2255 to your computer. Thanks to the built-in computer interface and supplied software.

With the RN2255 attached to your PC or on your network, you can create documents from your PC and send them directly in digital form to the RN2255 for duplication. Beside the Riso monitoring software controls printing operations from desktop, display status such as paper sizes, masters warning and paper out. Job queuing means multiple network users can send work to the RN2255 at any time.

RN2255 Specifications

Processing	High-speed automatic digital scanning/ fully automatic, thermal screening duplicating system
Original Type	Book/Sheet/digital format
Original Size	Max. A3 (297x420mm) Min. Business Card (50x90mm)
Scanning Resolution	400 dpi
Print Speed	5 selectable print speeds. (60 to 130 sheets per minute)
Multi Up printing	(2, 4, 8 and 16 Up)
Paper Size	Max. 290x395mm Min. 90x140mm
Paper weight	46-210g/m ²
Image Area	251x357mm
Reduction Parameters	4 selectable reductions 94%, 87%, 82% and 71%
Enlargement Parameters	3 selectable enlargements (141%, 122%, 116%)
Ink refill	Transparent cartridge of 1000cc
Zooming Parameters	50% to 200%
Built-in Computer Interface	RISORINC-2
Features	Enhanced large sized LCD Photo Processing mode Duo processing mode Dot-screening (4 patterns) Preventive Maintenance Indication
Mode	Bound Book processing Automatic Idle Scanning Contrast Adjustment (auto/manual) Auto Print Density Control Confidential mode Auto Power-off Memory Mode (Memory storage of frequently used settings) Programmed printing (Programmable print grouping) Master Auto Ejection Guide Initial Setting Customization Precision Stacking Tray
Optional Accessories	ADF V Colour Drum (Cylinder) Colours: black, red, bright red, yellow, blue, green, brown Job Separator III Key/Card Counter III RISORINC-NET-A Network Interface
Card	
Dimensions In use (wxdxh)	1,265 x 645 x 590 mm
Weight	Approx. 95 kg
Operation noise level	as low as 60 db
Power Supply	220 - 240 VAC, 50/60Hz
Specifications are subject to change without notice.
